## Program Details

- You will be provided with two different activities including a 30-minute live session and JAM (just a minute) topics and storytelling topics.
- With the JAM activities by the end of the course, you will be an expert in delivering your thoughts in just a minute to any platform given. This will personally help you improve your communication skills in daily life and professional life too.
- Storytelling activities will give you an idea of how to present a particular topic and talk about it for a longer period of time. A clearer idea of how to frame your thoughts into words and how to express them with more confidence will be polished in this session.

## 30-minute Live session .

Speaking skills can only be perfected by constant practice and for that, you will need an expert to talk to. In this session, you will be provided with a personal trainer with whom you can communicate on a daily basis. They will clear all your doubts regarding how to use English as a perfect medium for communication.
